Dear Mr Jones

**The Environmental Permitting (England and Wales) Regulations 2010
Confirmation of Registration**

Exemption Ref: EPR/KE5800KY/A001
Location of the Rhandregynwen, Llandysilio, Powys, SY22 6QZ, Wales
Operation:

Following receipt of your submission, we can confirm that we have now registered the operation(s) listed on the attached schedule, as exempt under the above Regulations, at the site shown above.

If any of these exempt operations were previously authorised by a permit which you now consider to be redundant, please contact our Customer Services on 08708 506 506 so that we can explain what will happen to your permit.

The exemption(s) will remain valid at this site until 12/04/2014. We will remind you that the exemption(s) are due for renewal at least one month before this date. You can renew at any time during the month prior to expiry but if you fail to renew during this period, you will have to make a new application.

If your operations change at any time during the registration period and you wish to add or remove exemptions at your site, you can do this by contacting one of our customer service providers on 08708 506 506.

Although the above operations are now registered they remain so only whilst you operate within the terms and conditions of those exemptions and whilst you do not cause pollution, harm to human health or detriment to amenity. It is a criminal offence to carry out these types of operation without an exemption or environmental permit. It is your responsibility to ensure that you know what the legislation requires and that you operate within it.

The Environment Agency does not endorse any commercial business so you cannot use our logo on your website or promotional literature. However you can state that you are registered as exempt by the Environment Agency, if this is the case, and have a link to our website.
